RESULTIME

PENDLEY MANOR

Within our Salon we have chosen Collin RESULTIME Facial and Body Treatments. Supporting this, we stock a full range of homecare products.

The brand Collin RESULTIME was originally developed in Paris in 1957 by Dermatologist Dr. Gerald Lapinet. Our pioneering doctor was the first to use collagen in his anti-ageing formulas which advanced the whole anti-ageing skincare market of its time.

Today, Collin RESULTIME introduces a 21st century approach to corrective skincare and, after much research, introduces PHYSIO COSMETOLOGY® which allows us to use molecules that are found naturally in the skin to bring immediately visible results on the youthfulness of the face.

Collin RESULTIME's Physio Cosmetology® is an evolution in the knowledge of the skin. They are deemed experts in the study of cutaneous molecules and experts in their way of working. Independent efficiency tests show proof of the products efficacy. You will enjoy result driven treatments whilst the pampering aspect of your visit will never be lost nor forgotten.
